

PROBUS SPECIAL INTEREST GROUPS 2019

Special interest groups are groups within the Oshawa Probus Club that provide members opportunities to participate in various activities throughout the year. The groups are for members only and are coordinated by volunteer members of the Club (convenors).

The groups vary in size, depending on the activity and meeting location. Some meet throughout the year, while others are seasonal in nature. If a group can no longer accept members due to limited meeting space, a new group can be started.

If you have a particular hobby and interest and would like to share this interest with other Club members, email **oshawaprobustclub@gmail.com** and your request will be forwarded to the appropriate Special Interest Group Coordinator.

The information below provides a general description of the Oshawa Probus Club's special interest groups. More specific information about meeting dates, locations, etc. are available in the Oshawa Probus Club's monthly newsletter. If you wish to sign up for any group, please contact the group convenor or Special Interest Group Coordinator.
